### **ABOUT AEVA**

The Australian Electric Vehicle Association Inc. (AEVA) is a volunteer run, not-for-profit organisation dedicated to the cause of switching Australia's transport networks to electric drive as quickly as possible. We all share a common interest in Electric Vehicles (EVs) and electric vehicle technology. Our purpose is to provide a forum for social and technical communication in the EV field, create greater awareness of EVs and encourage their use, to foster further research and development in EV technology, and to be an official source of information on EVs in Australia. We are structured as a federation of state-based branches, overseen by a National Executive.

### **ABOUT TRITIUM**

At Tritium, we want everyone to enjoy clean, healthy and convenient cities. Our company is committed to energy freedom and we are continually developing technologies and products that will enable the world's EV owners to maximize the benefits of their vehicles. As both a convenient mode of

transport and a mobile energy asset. By designing a range of products which support the uptake of EV's, Tritium's aim is to lower the barriers that can prevent transition to e-mobility.
