

Distributech 2019, New Orleans

January 24, 2019

YOU'RE INVITED!

You are invited to visit Tritium's booth **#2048** and talk to us about DC fast charging and High Power Charging (HPC) infrastructure for electric vehicles. We offer solutions for charging networks, utilities, fleet operators and more.

5 REASONS TO VISIT OUR STAND

1. Tritium has one of the largest deployments of EV fast chargers in the US. Find out why you might not have heard of us!
2. Tritium has 20 years experience designing the most efficient, smallest, highest reliability fast chargers.
3. See our range of products from "Level 3" 50 kW chargers up to the fastest chargers in the world, 350 kW.
4. Find out about the largest fast charging network in the world, and how it is being powered by Tritium.
5. We come from Australia, and you'll like us!

MAKE CONTACT

Want to make contact before the Conference, or reserve a 30-minute sit down (space limited, reserve now) with one of our team members? Let us know who you are and how we can help. Email NMARTINEZ@TRITIUM.COM.AU

ABOUT DISTRIBUTECH

The energy exchange is transforming, and we serve as the central nervous system. An 11-track summit, knowledge hubs, Initiate! startup & student ecosystem, an exhibition floor with 500+ companies, networking and matchmaking.

ABOUT TRITIUM

At Tritium, we want everyone to enjoy clean, healthy and convenient cities. Our company is committed to energy freedom and we are continually developing technologies and products that will enable the world's EV owners to maximize the benefits of their vehicles. As both a convenient mode of transport and a mobile energy asset. By designing a range of products which support the uptake of EV's, Tritium's aim is to lower the barriers that can prevent transition to e-mobility.
