### Committed Equity Facility

On September 2, 2022, we entered into the Purchase Agreement and a registration rights agreement (the “Registration Rights Agreement”) with B. Riley Principal Capital II. Pursuant to the Purchase Agreement, we have the right to sell to B. Riley Principal Capital II up to \$75,000,000 of Ordinary Shares, subject to certain limitations and conditions set forth in the Purchase Agreement, from time to time during the term of the Purchase Agreement. Sales of our Ordinary Shares pursuant to the Purchase Agreement, and the timing of any sales, are solely at our option, and we are under no obligation to sell any securities to B. Riley Principal Capital II under the Purchase Agreement. In accordance with our obligations under the Registration Rights Agreement, we have filed the registration statement that includes this prospectus with the SEC to register under the Securities Act, the resale by B. Riley Principal Capital II of up to 11,335,883 of our Ordinary Shares, including (i) up to 11,223,647 of our Ordinary Shares that we may elect, in our sole discretion, to issue and sell to B. Riley Principal Capital II, from time to time from and after the Commencement Date (defined below) under the Purchase Agreement, and (ii) 112,236 of our Ordinary Shares that we issued B. Riley Principal Capital II on September 2, 2022 (the “Commitment Shares”) in consideration for its commitment to purchase our Ordinary Shares that we may, in our sole discretion, direct them to make from time to time after the date of this prospectus pursuant to the Purchase Agreement.

## Table of Contents

Upon the initial satisfaction of the conditions to B. Riley Principal Capital II's purchase obligations set forth in the Purchase Agreement (the "Commencement"), including that the registration statement that includes this prospectus be declared effective by the SEC, we will have the right, but not the obligation, from time to time at our sole discretion over the 24-month period beginning on the date the Commencement occurs (the "Commencement Date"), to direct B. Riley Principal Capital II to purchase a specified number of our Ordinary Shares (each, a "Purchase"), not to exceed the lesser of (such lesser number of shares, the "Purchase Maximum Amount"): (i) 3,000,000 of our Ordinary Shares and (ii) 10.0% or 20.0% (the applicable percentage to be specified by us in the applicable Purchase Notice (as defined below) for such Purchase) of the total aggregate number (or volume) of our Ordinary Shares traded on Nasdaq during the applicable Purchase Valuation Period (as defined below) for such Purchase (such specified number of shares to be purchased by the Selling Securityholder in such Purchase, adjusted to the extent necessary to give effect to the applicable Purchase Maximum Amount and certain additional limitations set forth in the Purchase Agreement, the "Purchase Share Amount"), by timely delivering written notice to B. Riley Principal Capital II (each, a "Purchase Notice") prior to 9:00 a.m., New York City time, on any trading day (each, a "Purchase Date"), so long as (a) the closing sale price of our Ordinary Shares on Nasdaq on the trading day immediately prior to such Purchase Date is not less than \$1.00, subject to adjustment as set forth in the Purchase Agreement (such price, as may be adjusted from time to time in accordance with the Purchase Agreement, the "Threshold Price"), and (b) all Ordinary Shares subject to all prior purchases effected by us under the Purchase Agreement have been received by B. Riley Principal Capital II prior to the time we deliver such Purchase Notice to B. Riley Principal Capital II.

The per share purchase price that B. Riley Principal Capital II is required to pay for our Ordinary Shares in a Purchase effected by us pursuant to the Purchase Agreement, if any, will be determined by reference to the volume weighted average price of our Ordinary Shares (the "VWAP"), calculated in accordance with the Purchase Agreement, for the period (the "Purchase Valuation Period") beginning at the official open of the regular trading session on Nasdaq on the applicable Purchase Date for such Purchase, and ending at the earliest to occur of (i) 3:59 p.m., New York City time, on such Purchase Date or such earlier time publicly announced by the trading market as the official close of the regular trading session on such Purchase Date, (ii) such time that the total aggregate number (or volume) of our Ordinary Shares traded on Nasdaq during such Purchase Valuation Period (calculated in accordance with the Purchase Agreement) reaches the applicable share volume maximum amount for such Purchase (the "Purchase Share Volume Maximum"), calculated by dividing (a) the applicable Purchase Share Amount for such Purchase, by (b) 0.10 or 0.20 (the applicable percentage being the same percentage we specified in the applicable Purchase Notice for determining the applicable Purchase Share Amount for such Purchase), and (iii) such time that the trading price of our Ordinary Shares on Nasdaq during such Purchase Valuation Period (calculated in accordance with the Purchase Agreement) falls below the applicable minimum price threshold for such Purchase specified by us in the Purchase Notice for such Purchase, or if we do not specify a minimum price threshold in such Purchase Notice, a price equal to 75.0% of the closing sale price of our Ordinary Shares on the trading day immediately prior to the applicable Purchase Date for such Purchase (the "Minimum Price Threshold"), less a fixed 3.0% discount to the VWAP for such Purchase Valuation Period.

In addition to the regular Purchases described above, after the Commencement, we will also have the right, but not the obligation, subject to the continued satisfaction of the conditions set forth in the Purchase Agreement, to direct B. Riley Principal Capital II to purchase, on any trading day, including the same Purchase Date on which a regular Purchase is effected (if any, although we are not required to effect an earlier regular Purchase on such trading day), a specified number of our Ordinary Shares (each, an "Intraday Purchase"), not to exceed the lesser of (such lesser number of shares, the "Intraday Purchase Maximum Amount"): (i) 3,000,000 of our Ordinary Shares and (ii) 10.0% or 20.0% (the applicable percentage to be specified by us in the applicable Intraday Purchase Notice (as defined below) for such Intraday Purchase) of the total aggregate volume of Ordinary Shares traded on Nasdaq during the applicable "Intraday Purchase Valuation Period" (determined in the same manner as for a regular Purchase) for such Intraday Purchase (such specified number of shares, adjusted to the extent necessary to give effect to the applicable Intraday Purchase Maximum Amount, the "Intraday Purchase Share Amount"), by the delivery to B. Riley Principal Capital II of an irrevocable written purchase notice, after 10:00 a.m., New York City time (and after the Purchase Valuation Period for any prior regular Purchase (if any)

## [Table of Contents](#)

and the Intraday Purchase Valuation Period for the most recent prior Intraday Purchase effected on the same Purchase Date (if any) have ended), and prior to 3:30 p.m., New York City time, on such Purchase Date (each, an “Intraday Purchase Notice”), so long as (i) the closing sale price of our Ordinary Shares on the trading day immediately prior to such Purchase Date is not less than the Threshold Price and (ii) all Ordinary Shares subject to all prior Purchases and all prior Intraday Purchases by B. Riley Principal Capital II under the Purchase Agreement have been received by B. Riley Principal Capital II prior to the time we deliver such Intraday Purchase Notice to B. Riley Principal Capital II.

The per share purchase price for our Ordinary Shares that we elect to sell to B. Riley Principal Capital II in an Intraday Purchase pursuant to the Purchase Agreement, if any, will be calculated in the same manner as in the case of a regular Purchase (including the same fixed percentage discounts to the applicable VWAP as in the case of a regular Purchase, as described above), provided that the VWAP for each Intraday Purchase effected on a Purchase Date will be calculated over different periods during the regular trading session on Nasdaq on such Purchase Date, each of which will commence and end at different times on such Purchase Date.

There is no upper limit on the price per share that B. Riley Principal Capital II could be obligated to pay for our Ordinary Shares we may elect to sell to it in any Purchase or any Intraday Purchase under the Purchase Agreement. In the case of Purchases and Intraday Purchases effected by us under the Purchase Agreement, if any, all share and dollar amounts used in determining the purchase price per share of our Ordinary Shares to be purchased by B. Riley Principal Capital II in a Purchase or an Intraday Purchase (as applicable), or in determining the applicable maximum purchase share amounts or applicable volume or price threshold amounts in connection with any such Purchase or Intraday Purchase (as applicable), in each case, will be equitably adjusted for any reorganization, recapitalization, non-cash dividend, stock split, reverse stock split or other similar transaction occurring during any period used to calculate such per share purchase price, maximum purchase share amounts or applicable volume or price threshold amounts.

From and after Commencement, we will control the timing and amount of any sales of our Ordinary Shares to B. Riley Principal Capital II. Actual sales of Ordinary Shares to B. Riley Principal Capital II under the Purchase Agreement will depend on a variety of factors to be determined by us from time to time, including, among other things, market conditions, the trading price of our Ordinary Shares and determinations by us as to the appropriate sources of funding for its business and its operations.

We may not issue or sell any share of our Ordinary Shares to B. Riley Principal Capital II under the Purchase Agreement which, when aggregated with all other Ordinary Shares then beneficially owned by B. Riley Principal Capital II and its affiliates (as calculated pursuant to Section 13(d) of the Exchange Act, and Rule 13d-3 thereunder), would result in B. Riley Principal Capital II beneficially owning more than 4.99% of the issued Ordinary Shares (the “Beneficial Ownership Limitation”).

The net proceeds to us from sales that we elect to make to B. Riley Principal Capital II under the Purchase Agreement, if any, will depend on the frequency and prices at which we sell our Ordinary Shares to B. Riley Principal Capital II. We expect that any proceeds received by us from such sales to B. Riley Principal Capital II will be used for working capital and general corporate purposes.

There are no restrictions on future financings, rights of first refusal, participation rights, penalties or liquidated damages in the Purchase Agreement or Registration Rights Agreement, other than a prohibition (with certain limited exceptions) on entering into a “Dilutive Issuance” (as such term is defined in the Purchase Agreement) during the period beginning two (2) trading days in advance of a Purchase Date (as such term is defined in the Purchase Agreement) and ending five (5) trading days following the settlement and issuance of shares in connection with such Purchase Date.

B. Riley Principal Capital II has agreed that none of B. Riley Principal Capital II, its sole member or any entity managed or controlled by B. Riley Principal Capital II or its sole member, or any of their respective

## Table of Contents

officers, will engage in or effect, directly or indirectly, for its own account or for the account of any other of such persons or entities, any short sales of our Ordinary Shares or hedging transaction that establishes a net short position in our Ordinary Shares during the term of the Purchase Agreement.

The Purchase Agreement will automatically terminate on the earliest to occur of (i) the first day of the month next following the 24-month anniversary of the Commencement Date, (ii) the date on which the Selling Securityholder shall have purchased from us under the Purchase Agreement Ordinary Shares for an aggregate gross purchase price of \$75,000,000, (iii) the date on which our Ordinary Shares shall have failed to be listed or quoted on Nasdaq or another U.S. national securities exchange identified as an “eligible market” in the Purchase Agreement, (iv) the 30th trading day after the date on which a voluntary or involuntary bankruptcy proceeding involving our company has been commenced that is not discharged or dismissed prior to such trading day, and (v) the date on which a bankruptcy custodian is appointed for all or substantially all of our property or we make a general assignment for the benefit of creditors.

We have the right to terminate the Purchase Agreement at any time after Commencement, at no cost or penalty, upon 10 trading days’ prior written notice to B. Riley Principal Capital II. We and B. Riley Principal Capital II may also agree to terminate the Purchase Agreement by mutual written consent, provided that no termination of the Purchase Agreement will be effective during the pendency of any Purchase or any Intraday Purchase that has not then fully settled in accordance with the Purchase Agreement. Neither we nor B. Riley Principal Capital II may assign or transfer our respective rights and obligations under the Purchase Agreement or the Registration Rights Agreement, and no provision of the Purchase Agreement or the Registration Rights Agreement may be modified or waived by us or B. Riley Principal Capital II.

As consideration for B. Riley Principal Capital II’s commitment to purchase Ordinary Shares at our direction upon the terms and subject to the conditions set forth in the Purchase Agreement, upon execution of the Purchase Agreement, we issued 112,236 Commitment Shares to B. Riley Principal Capital II. Furthermore, we have agreed to reimburse B. Riley Principal Capital II for the reasonable legal fees and disbursements of B. Riley Principal Capital II’s legal counsel in an amount not to exceed \$100,000 in connection with the transactions contemplated by this Agreement and the Registration Rights Agreement.

The Purchase Agreement and the Registration Rights Agreement contain customary representations, warranties, conditions and indemnification obligations of the parties. Copies of the agreements have been filed as exhibits to the registration statement that includes this prospectus and are available electronically on the SEC’s website at [www.sec.gov](http://www.sec.gov).

We do not know what the purchase price for our Ordinary Shares will be and therefore cannot be certain as to the number of shares we might issue to B. Riley Principal Capital II under the Purchase Agreement after the Commencement Date. As of March 1, 2023, there were 156,310,918 Ordinary Shares issued, of which 103,034,423 shares were held by non-affiliates of our company (based on holdings information available to us as of March 1, 2023). Although the Purchase Agreement provides that we may sell up to \$75,000,000 of our Ordinary Shares to the B. Riley Principal Capital II, only 11,335,883 Ordinary Shares are being registered under the Securities Act for resale by the Selling Securityholder under this prospectus, which represents (i) the 112,236 Commitment Shares that we issued to B. Riley Principal Capital II upon execution of the Purchase Agreement on September 2, 2022 and (ii) up to 11,223,647 of our Ordinary Shares that may be issued to B. Riley Principal Capital II from and after the Commencement Date, if and when we elect to sell shares to B. Riley Principal Capital II under the Purchase Agreement. Depending on the market prices of our Ordinary Shares at the time we elect to issue and sell shares to B. Riley Principal Capital II under the Purchase Agreement, we may need to register under the Securities Act additional Ordinary Shares for resale by the Selling Securityholder in order to receive aggregate gross proceeds equal to the \$75,000,000 available to us under the Purchase Agreement. If all of the 11,335,883 Ordinary Shares offered for resale by B. Riley Principal Capital II under this prospectus were issued as of the date hereof, such shares would represent approximately 7.3% of the total number of issued Ordinary Shares and approximately 11.0% of the total number of issued Ordinary Shares held by non-affiliates of

## [Table of Contents](#)

our company, in each case as of March 1, 2023. If we elect to issue and sell more than the 11,335,883 shares offered under this prospectus to B. Riley Principal Capital II, which we have the right, but not the obligation, to do, we must first register under the Securities Act such additional Ordinary Shares for resale by B. Riley Principal Capital II, which could cause additional substantial dilution to our shareholders.

The number of our Ordinary Shares ultimately offered for resale by B. Riley Principal Capital II through this prospectus is dependent upon the number of Ordinary Shares, if any, we elect to sell to B. Riley Principal Capital II under the Purchase Agreement from and after the Commencement Date. The issuance of our Ordinary Shares to B. Riley Principal Capital II pursuant to the Purchase Agreement will not affect the rights or privileges of our existing shareholders, except that the economic and voting interests of each of our existing shareholders will be diluted. Although the number of Ordinary Shares that our existing shareholders own will not decrease, the Ordinary Shares owned by our existing shareholders will represent a smaller percentage of our total issued Ordinary Shares after any such issuance.

### **Implications of Being an “Emerging Growth Company” and a Foreign Private Issuer**

We are an “emerging growth company,” as defined in Section 2(a) of the Securities Act, as modified by the Jumpstart Our Business Startups Act of 2012 (the “JOBS Act”). As such, we are eligible to take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not “emerging growth companies,” including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002 (the “Sarbanes-Oxley Act”), reduced disclosure obligations regarding executive compensation in our periodic reports, and exemptions from the requirements of holding a non-binding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved (to the extent applicable to a foreign private issuer). If some investors find our securities less attractive as a result, there may be a less active trading market for our securities and the prices of our securities may be more volatile.

We will remain an emerging growth company under the JOBS Act until the earliest of (a) the last day of our first fiscal year following the fifth anniversary of the date of effectiveness of our registration statement on Form F-4, filed in connection with the Business Combination (as defined below), (b) the last date of our fiscal year in which we have total annual gross revenue of at least \$1.235 billion, (c) the date on which we are deemed to be a “large accelerated filer” under the rules of the SEC with at least \$700.0 million of issued securities held by non-affiliates or (d) the date on which we have issued more than \$1.0 billion in non-convertible debt securities during the previous three years. References herein to “emerging growth company” shall have the meaning associated with it in the JOBS Act.

We report under the Exchange Act as a non-U.S. company with foreign private issuer status. Even after we no longer qualify as an emerging growth company, as long as we qualify as a foreign private issuer under the Exchange Act we will be exempt from certain provisions of the Exchange Act that are applicable to U.S. domestic public companies, including, but not limited to:

- the rules under the Exchange Act requiring domestic filers to issue financial statements prepared under U.S. GAAP;
- the sections of the Exchange Act regulating the solicitation of proxies, consents or authorizations in respect of a security registered under the Exchange Act;
- the sections of the Exchange Act requiring insiders to file public reports of their stock ownership and trading activities and liability for insiders who profit from trades made in a short period of time; and
- the rules under the Exchange Act requiring the filing with the SEC of quarterly reports on Form 10-Q containing unaudited financial and other specific information, or current reports on Form 8-K, upon the occurrence of specified significant events.

---

## [Table of Contents](#)

We intend to take advantage of these exemptions until such time as we are no longer a foreign private issuer. We would cease to be a foreign private issuer at such time as (i) more than 50% of our issued voting securities are held by U.S. residents and (ii) any of the following three circumstances applies: (A) the majority of our executive officers or directors are U.S. citizens or residents, (B) more than 50% of our assets are located in the United States or (C) our business is administered principally in the United States. See “*Description of Securities*” for more information.

Both foreign private issuers and emerging growth companies are also exempt from certain more stringent executive compensation disclosure rules. Thus, even if we no longer qualify as an emerging growth company but remain a foreign private issuer, we will continue to be exempt from the more stringent compensation disclosures required of companies that are not emerging growth companies and will continue to be permitted to follow our home country practice on such matters.

We expect to use the net proceeds that we receive from sales of our Ordinary Shares to the Selling Securityholder, if any, pursuant to the Purchase Agreement for working capital and general corporate purposes. We have not yet determined the amount of net proceeds to be used specifically for any of the foregoing purposes. Accordingly, our management will have broad discretion over the use of the net proceeds from the sale of our Ordinary Shares under the Purchase Agreement. The precise amount and timing of the application of such proceeds will depend upon our liquidity needs and the availability and cost of other capital over which we have little or no control. As of the date hereof, we cannot specify with certainty the particular uses for the net proceeds. See “ <i>Use of Proceeds.</i> ”

Risk Factors

Prospective investors should carefully consider the “*Risk Factors*” for a discussion of certain factors that should be considered before buying the securities offered hereby.

Conflict of Interest

B. Riley Principal Capital II, LLC is an affiliate of B. Riley Securities, Inc. (“BRS”), a registered broker-dealer and Financial Industry Regulatory Authority, Inc. (“FINRA”) member. BRS will act as an executing broker that will effectuate resales of up to 11,335,883 of our Ordinary Shares that have been and may be acquired by B. Riley Principal Capital II from us pursuant to the Purchase Agreement to the public in this offering.

Because B. Riley Principal Capital II will receive all the net proceeds from such resales of our Ordinary Shares made to the public through BRS, BRS is deemed to have a “conflict of interest” within the meaning of FINRA Rule 5121. Consequently, this offering will be conducted in compliance with the provisions of FINRA Rule 5121, which requires that a “qualified independent underwriter,” as defined in FINRA Rule 5121, participate in the preparation of the registration statement that includes this prospectus and exercise the usual standards of “due diligence” with respect thereto. Accordingly, we have engaged Northland, to be the qualified independent underwriter in this offering and, in such capacity, participate in the preparation of the registration statement that includes this prospectus and exercise the usual standards of “due diligence” with respect thereto. B. Riley Principal Capital II has agreed to pay Northland a cash fee of \$50,000 upon completion of this offering as consideration for its services and to reimburse Northland up to \$5,000 for expenses incurred in connection with acting as the qualified independent underwriter in this offering. Northland will receive no other compensation for acting as the qualified independent underwriter in this offering. In accordance with FINRA Rule 5121, BRS is not permitted to sell Ordinary Shares in this offering to an account over which it exercises discretionary authority without the prior specific written approval of the account holder. See “*Plan of Distribution.*”

## RISK FACTORS

*Investment in any securities offered pursuant to this prospectus and the applicable prospectus supplement involves risks. Before deciding whether to invest in our securities, you should carefully consider the risk factors described below and in our 2022 Form 20-F incorporated by reference into this prospectus, our updates, if any, to those risk factors in our reports on Form 6-K incorporated by reference into this prospectus, all other information contained or incorporated by reference into this prospectus, as updated by our subsequent filings under the Exchange Act, and the risk factors and other information contained in the applicable prospectus supplement and any applicable free writing prospectus. The occurrence of any of these risks might cause you to lose all or part of your investment in the offered securities. There may be other unknown or unpredictable economic, business, competitive, regulatory or other factors that could have material adverse effects on our future results. Past financial performance may not be a reliable indicator of future performance, and historical trends should not be used to anticipate results or trends in future periods. If any of these risks actually occurs, our business, financial condition, results of operations or cash flow could be seriously harmed. This could cause the trading price of our securities to decline, resulting in a loss of all or part of your investment. Please also carefully read the section entitled “Cautionary Note Regarding Forward-Looking Statements” included herein and included in our 2022 Form 20-F and our updates, if any, to that section in our reports on Form 6-K incorporated by reference into this prospectus.*

### **Risks Related to Our Securities**

***It is not possible to predict the actual number of shares we will sell under the Purchase Agreement to the Selling Securityholder, or the actual gross proceeds resulting from those sales.***

On September 2, 2022, we entered into the Purchase Agreement with B. Riley Principal Capital II, pursuant to which B. Riley Principal Capital II has committed to purchase up to \$75,000,000 of our Ordinary Shares, subject to certain limitations and conditions set forth in the Purchase Agreement. The Ordinary Shares that may be issued under the Purchase Agreement may be sold by us to B. Riley Principal Capital II at our discretion from time to time over the 24-month period beginning on the Commencement Date.

We generally have the right to control the timing and amount of any sales of our Ordinary Shares to B. Riley Principal Capital II under the Purchase Agreement. Sales of our Ordinary Shares, if any, to B. Riley Principal Capital II under the Purchase Agreement will depend upon market conditions and other factors to be determined by us. We may ultimately decide to sell to B. Riley Principal Capital II all, some or none of the Ordinary Shares that may be available for us to sell to B. Riley Principal Capital II pursuant to the Purchase Agreement.

Because the purchase price per share to be paid by B. Riley Principal Capital II for the Ordinary Shares that we may elect to sell to B. Riley Principal Capital II under the Purchase Agreement, if any, will fluctuate based on the market prices of our Ordinary Shares at the time we elect to sell shares to B. Riley Principal Capital II pursuant to the Purchase Agreement, if any, it is not possible for us to predict, as of the date of this prospectus and prior to any such sales, the number of our Ordinary Shares that we will sell to B. Riley Principal Capital II under the Purchase Agreement, the purchase price per share that B. Riley Principal Capital II will pay for shares purchased from us under the Purchase Agreement, or the aggregate gross proceeds that we will receive from those purchases by B. Riley Principal Capital II under the Purchase Agreement.

Although the Purchase Agreement provides that we may sell up to an aggregate of \$75,000,000 of our Ordinary Shares to B. Riley Principal Capital II, only 11,335,883 Ordinary Shares are being registered for resale under the registration statement that includes this prospectus, which include 112,236 Commitment Shares that we issued to B. Riley Principal Capital II. If it becomes necessary for us to issue and sell to B. Riley Principal Capital II under the Purchase Agreement more than the 11,335,883 Ordinary Shares being registered for resale under the registration statement that includes this prospectus in order to receive aggregate gross proceeds equal to \$75,000,000 under the Purchase Agreement, we must first file with the SEC one or more additional registration

## [Table of Contents](#)

statements to register under the Securities Act the resale by B. Riley Principal Capital II of any such additional Ordinary Shares we wish to sell from time to time under the Purchase Agreement, which the SEC must declare effective, in each case before we may elect to sell any additional Ordinary Shares to B. Riley Principal Capital II under the Purchase Agreement. Any issuance and sale by us under the Purchase Agreement of a substantial amount of Ordinary Shares in addition to the 11,335,883 Ordinary Shares being registered for resale by B. Riley Principal Capital II under this prospectus could cause additional substantial dilution to our shareholders. The number of Ordinary Shares ultimately offered for sale by B. Riley Principal Capital II is dependent upon the number of Ordinary Shares, if any, we ultimately elect to sell to B. Riley Principal Capital II under the Purchase Agreement.

### ***Investors who buy shares at different times will likely pay different prices.***

Pursuant to the Purchase Agreement, we will have discretion, subject to market demand, to vary the timing, prices, and numbers of shares sold to B. Riley Principal Capital II. If and when we do elect to sell Ordinary Shares to B. Riley Principal Capital II pursuant to the Purchase Agreement, after B. Riley Principal Capital II has acquired such shares, B. Riley Principal Capital II may resell all, some or none of such shares at any time or from time to time in its discretion and at different prices. As a result, investors who purchase shares from B. Riley Principal Capital II in this offering at different times will likely pay different prices for those shares, and so may experience different levels of dilution and in some cases substantial dilution and different outcomes in their investment results. Investors may experience a decline in the value of the shares they purchase from B. Riley Principal Capital II in this offering as a result of future sales made by us to B. Riley Principal Capital II at prices lower than the prices such investors paid for their shares in this offering. In addition, if we sell a substantial number of shares to B. Riley Principal Capital II under the Purchase Agreement, or if investors expect that we will do so, the actual sales of shares or the mere existence of our arrangement with B. Riley Principal Capital II may make it more difficult for us to sell equity or equity-related securities in the future at a time and at a price that we might otherwise wish to effect such sales.

### ***Our management team will have broad discretion over the use of the net proceeds from our sale of our Ordinary Shares to the Selling Securityholder, if any, and you may not agree with how we use the proceeds and the proceeds may not be invested successfully.***

Our management team will have broad discretion as to the use of the net proceeds from our sale of our Ordinary Shares to the Selling Securityholder, if any, and we could use such proceeds for purposes other than those contemplated at the time of commencement of this offering. Accordingly, you will be relying on the judgment of our management team with regard to the use of those net proceeds, and you will not have the opportunity, as part of your investment decision, to assess whether the proceeds are being used appropriately. It is possible that, pending their use, we may invest those net proceeds in a way that does not yield a favorable, or any, return for us. The failure of our management team to use such funds effectively could have a material adverse effect on our business, financial condition, operating results and cash flows.

- failure to maintain an effective system of internal control over financial reporting, and loss of securityholder confidence in our financial and other public reporting from the inability to accurately report our financial results or prevent fraud;

- potential write-downs, write-offs, restructuring and impairment or other charges required to be taken by us subsequent to the Business Combination;
- higher costs as a result of being a public company;
- general economic uncertainty;
- the ability to maintain the listing of our securities on Nasdaq;
- the limited experience of certain members of our management team in operating a public company in the United States; and
- the volatility of the market price and liquidity of our securities.

While forward-looking statements reflect our good faith beliefs, they are not guarantees of future performance. We disclaim any obligation to publicly update or revise any forward-looking statement to reflect changes in underlying assumptions or factors, new information, data or methods, future events or other changes after the date of this prospectus, except as required by applicable law. For a further discussion of these and other factors that could cause our future results, performance or transactions to differ significantly from those expressed in any forward-looking statement, please see the section entitled “*Risk Factors*” in our 2022 Form 20-F incorporated by reference into this prospectus. You should not place undue reliance on any forward-looking statements, which are based only on information currently available to us (or to third parties making the forward-looking statements). ## USE OF PROCEEDS

All of the Ordinary Shares offered by the Selling Securityholder pursuant to this prospectus will be resold by the Selling Securityholder for its accounts. We will not receive any of the proceeds from these sales.

We may receive up to \$75,000,000 aggregate gross proceeds under the Purchase Agreement from any sales of our Ordinary Shares we make to the Selling Securityholder pursuant to the Purchase Agreement. The net proceeds from sales, if any, under the Purchase Agreement, will depend on the frequency and prices at which we sell our Ordinary Shares to the Selling Securityholder after the date of this prospectus. See the section titled “*Plan of Distribution*” elsewhere in this prospectus for more information.

We expect to use any proceeds that we receive from sales of our Ordinary Shares under the Purchase Agreement for working capital and general corporate purposes. As of the date of this prospectus, we cannot specify with certainty all of the particular uses, and the respective amounts we may allocate to those uses, for any net proceeds we receive. Accordingly, we will retain broad discretion over the use of these proceeds.

We will bear all costs, expenses and fees in connection with the registration of the Ordinary Shares offered by the Selling Securityholder pursuant to this prospectus, whereas the Selling Securityholder will bear all incremental selling expenses, including commissions, brokerage fees and other similar selling expenses.

We have engaged Northland, a registered broker-dealer and FINRA member, to be the qualified independent underwriter in the offering of the Ordinary Shares offered by the Selling Securityholder pursuant to this prospectus and, in such capacity, to participate in the preparation of the registration statement that includes this prospectus and exercise the usual standards of “due diligence” with respect thereto. The Selling Securityholder has agreed to pay Northland a cash fee of \$50,000 upon the completion of the offering as consideration for its services and to reimburse Northland up to \$5,000 for expenses incurred in connection with acting as the qualified independent underwriter in the offering.

## SELLING SECURITYHOLDER

This prospectus relates to the offer and resale by B. Riley Principal Capital II of up to 11,335,883 Ordinary Shares that have been and may be issued by us to B. Riley Principal Capital II under the Purchase Agreement. For additional information regarding the Ordinary Shares included in this prospectus, see the section titled “*The Company—The Committed Equity Financing*” above. We are registering the Ordinary Shares included in this prospectus pursuant to the provisions of the Registration Rights Agreement we entered into with B. Riley Principal Capital II on September 2, 2022 in order to permit the Selling Securityholder to offer the shares included in this prospectus for resale from time to time. Except for the transactions contemplated by the Purchase Agreement and the Registration Rights Agreement and as set forth in the section titled “*Plan of Distribution*” in this prospectus, B. Riley Principal Capital II has not had any material relationship with us within the past three years. As used in this prospectus, the term “Selling Securityholder” means B. Riley Principal Capital II, LLC.

The table below presents information regarding the Selling Securityholder and the Ordinary Shares that may be resold by the Selling Securityholder from time to time under this prospectus. This table is prepared based on information supplied to us by the Selling Securityholder, and reflects holdings as of March 1, 2023. The number of Ordinary Shares in the column “Maximum Number of Ordinary Shares to be Offered Pursuant to this Prospectus” represents all of the Ordinary Shares being offered for resale by the Selling Securityholder under this prospectus. The Selling Securityholder may sell some, all or none of the shares being offered for resale in this offering. We do not know how long the Selling Securityholder will hold the shares before selling them and, except as set forth in the section titled “*Plan of Distribution*” in this prospectus, we are not aware of any existing arrangements between the Selling Securityholder and any other shareholder, broker, dealer, underwriter or agent relating to the sale or distribution of the Ordinary Shares being offered for resale by this prospectus.

Beneficial ownership is determined in accordance with Rule 13d-3(d) promulgated by the SEC under the Exchange Act, and includes Ordinary Shares with respect to which the Selling Securityholder has sole or shared voting and investment power. The percentage of Ordinary Shares beneficially owned by the Selling Securityholder prior to the offering shown in the table below is based on an aggregate of 156,310,918 Ordinary Shares on issue on March 1, 2023. Because the purchase price to be paid by the Selling Securityholder for Ordinary Shares, if any, that we may elect to sell to the Selling Securityholder in one or more VWAP Purchases and one or more Intraday VWAP Purchases from time to time under the Purchase Agreement will be determined on the applicable Purchase Dates therefor, the actual number of Ordinary Shares that we may sell to the Selling Securityholder under the Purchase Agreement may be fewer than the number of shares being offered for resale under this prospectus. The fourth column assumes the resale by the Selling Securityholder of all of the Ordinary Shares being offered for resale pursuant to this prospectus.

Name of Selling Securityholder	Number of Ordinary Shares Owned Prior to Offering		Maximum Number of Ordinary Shares to be Offered Pursuant to this Prospectus	Number of Ordinary Shares Owned After Offering

(1) Represents the 112,236 Ordinary Shares we issued to B. Riley Principal Capital II on September 2, 2022 as Commitment Shares in consideration for entering into the Purchase Agreement with us. In accordance with Rule 13d-3(d) under the Exchange Act, we have excluded from the number of shares beneficially owned prior to the offering all of the shares that B. Riley Principal Capital II may be required to subscribe for and purchase under the Purchase Agreement, because the issuance of such shares is solely at our discretion and is subject to conditions contained in the Purchase Agreement, the satisfaction of which are entirely outside

of B. Riley Principal Capital II's control, including the registration statement that includes this prospectus becoming and remaining effective. Furthermore, the VWAP Purchases and the Intraday VWAP Purchases of Ordinary Shares under the Purchase Agreement are subject to certain agreed upon maximum amount limitations set forth in the Purchase Agreement. Also, the Purchase Agreement prohibits us from issuing and selling any Ordinary Shares to B. Riley Principal Capital II to the extent such shares, when aggregated with all other Ordinary Shares then beneficially owned by B. Riley Principal Capital II, would cause B. Riley Principal Capital II's beneficial ownership of our Ordinary Shares to exceed the 4.99% Beneficial Ownership Limitation. The Purchase Agreement also prohibits us from issuing or selling our Ordinary Shares under the Purchase Agreement to B. Riley Principal Capital II that would exceed certain limitations imposed under the Australian *Corporations Act 2001* (Cth), as amended. Such limitations may not be amended or waived under the Purchase Agreement.

- (2) Applicable percentage ownership is based on 156,310,918 Ordinary Shares on issue as of March 1, 2023.
- (3) Assumes the sale of all Ordinary Shares being offered pursuant to this prospectus.
- (4) The business address of B. Riley Principal Capital II, LLC ("BRPC II") is 11100 Santa Monica Blvd., Suite 800, Los Angeles, California 90025. BRPC II's principal business is that of a private investor. BRPC II is a wholly-owned subsidiary of B. Riley Principal Investments, LLC ("BRPI"). As a result, BRPI may be deemed to indirectly beneficially own the Ordinary Shares of the Company held of record by BRPC II. B. Riley Financial, Inc. ("BRF") is the parent company of BRPC II and BRPI. As a result, BRF may be deemed to indirectly beneficially own the Ordinary Shares of the Company held of record by BRPC II and indirectly beneficially owned by BRPI. Bryant R. Riley is the Co-Chief Executive Officer and Chairman of the Board of Directors of BRF. As a result, Bryant R. Riley may be deemed to indirectly beneficially own the Ordinary Shares of the Company held of record by BRPC II and indirectly beneficially owned by BRPI. Each of BRF, BRPI and Bryant R. Riley expressly disclaims beneficial ownership of the Ordinary Shares of the Company held of record by BRPC II, except to the extent of its/his pecuniary interest therein. We have been advised that none of BRF, BRPI or BRPC II is a member of FINRA or an independent broker-dealer; however, each of BRF, BRPI, BRPC II and Bryant R. Riley is an affiliate of BRS, a registered broker-dealer and FINRA member, and Bryant R. Riley is an associated person of BRS. BRS will act as an executing broker that will effectuate resales of our Ordinary Shares that have been and may be acquired by BRPC II from us pursuant to the Purchase Agreement to the public in this offering. See "*Plan of Distribution*" for more information about the relationship between BRPC II and BRS.

## MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following discussion is a summary of certain material U.S. federal income tax considerations to U.S. Holders and Non-U.S. Holders (each as defined below) of the ownership and disposition of Ordinary Shares. This discussion applies only to Ordinary Shares that are held as “capital assets” within the meaning of Section 1221 of the U.S. Internal Revenue Code of 1986, as amended (the “Code”) (generally, property held for investment).

The following does not purport to be a complete analysis of all potential tax considerations arising in connection with the ownership and disposal of Ordinary Shares. The effects and considerations of other U.S. federal tax laws, such as estate and gift tax laws, alternative minimum or Medicare contribution tax consequences and any applicable state, local or non-U.S. tax laws are not discussed. This discussion is based on the Code, Treasury regulations promulgated thereunder, judicial decisions, and published rulings and administrative pronouncements of the U.S. Internal Revenue Service (the “IRS”), in each case in effect as of the date hereof. These authorities may change or be subject to differing interpretations. Any such change or differing interpretation may be applied retroactively in a manner that could adversely affect the tax consequences discussed below. Tritium has not sought and will not seek any rulings from the IRS regarding the matters discussed below. There can be no assurance the IRS will not take or a court will not sustain a contrary position to that discussed below regarding the tax consequences discussed below.

This discussion does not address all U.S. federal income tax consequences relevant to a holder’s particular circumstances. In addition, it does not address consequences relevant to holders subject to special rules, including, without limitation:

- regulated investment companies and real estate investment trusts;
- brokers, dealers or traders in securities;
- traders in securities that elect to mark to market interested party transactions that require shareholder approval;
- tax-exempt organizations or governmental organizations;
- U.S. expatriates and former citizens or long-term residents of the United States;
- persons holding Ordinary Shares as part of a hedge, straddle, constructive sale, or other risk reduction strategy or as part of a conversion transaction or other integrated investment;
- persons subject to special tax accounting rules as a result of any item of gross income with respect to Ordinary Shares being taken into account in an applicable financial statement;
- persons that actually or constructively own 5% or more (by vote or value) of the Ordinary Shares;
- “controlled foreign corporations,” “passive foreign investment companies,” and corporations that accumulate earnings to avoid U.S. federal income tax;
- S corporations, partnerships or other entities or arrangements treated as partnerships or other flow-through entities for U.S. federal income tax purposes (and investors therein);
- U.S. Holders having a functional currency other than the U.S. dollar;
- persons who hold or received Ordinary Shares pursuant to the exercise of any employee stock option or otherwise as compensation; and
- tax-qualified retirement plans.

For purposes of this discussion, a “U.S. Holder” is any beneficial owner of Ordinary Shares that is for U.S. federal income tax purposes:

- in individual who is a citizen or resident of the United States;

## Table of Contents

- a corporation (or other entity taxable as a corporation) created or organized under the laws of the United States, any state thereof, or the District of Columbia;
- an estate, the income of which is subject to U.S. federal income tax regardless of its source; or
- a trust that (1) is subject to the primary supervision of a U.S. court and the control of one or more “United States persons” (within the meaning of Section 7701(a)(30) of the Code), or (2) has a valid election in effect to be treated as a “United States person” (within the meaning of Section 7701(a)(30) of the Code) for U.S. federal income tax purposes.

If an entity or arrangement treated as a partnership for U.S. federal income tax purposes holds Ordinary Shares, the tax treatment of an owner of such entity will depend on the status of the owners, the activities of the entity or arrangement and certain determinations made at the partner level. Accordingly, entities or arrangements treated as partnerships for U.S. federal income tax purposes and the partners in such partnerships should consult their tax advisors regarding the U.S. federal income tax consequences to them.

THE U.S. FEDERAL INCOME TAX CONSEQUENCES APPLICABLE TO HOLDERS OF ORDINARY SHARES WILL DEPEND ON EACH HOLDER’S PARTICULAR TAX CIRCUMSTANCES. YOU ARE URGED TO CONSULT YOUR TAX ADVISOR REGARDING THE U.S. FEDERAL, STATE, AND LOCAL, AND NON-U.S. INCOME AND OTHER TAX CONSEQUENCES TO YOU, IN LIGHT OF YOUR PARTICULAR INVESTMENT OR TAX CIRCUMSTANCES, OF ACQUIRING, HOLDING, AND DISPOSING OF ORDINARY SHARES.

### **U.S. Holders**

#### *Distributions on Ordinary Shares*

If Tritium makes distributions of cash or property on the Ordinary Shares, the gross amount of such distributions (including any amount of foreign taxes withheld) will be treated for U.S. federal income tax purposes first as a dividend to the extent of its current and accumulated earnings and profits (as determined for U.S. federal income tax purposes), and then as a tax-free return of capital to the extent of the U.S. Holder’s tax basis, with any excess treated as capital gain from the sale or exchange of the shares. Because Tritium does not expect to provide calculations of its earnings and profits under U.S. federal income tax principles, a U.S. Holder should expect all cash distributions to be reported as dividends for U.S. federal income tax purposes. Any dividend will not be eligible for the dividends received deduction allowed to corporations in respect of dividends received from U.S. corporations. Subject to the discussions below under “-Passive Foreign Investment Company Rules,” dividends received by certain non-corporate U.S. Holders (including individuals) may be “qualified dividend income,” which is taxed at the lower applicable long-term capital gains rate, provided that:

- either (a) the Ordinary Shares are readily tradable on an established securities market in the United States, or (b) Tritium is eligible for the benefits of the Convention between the Government of the United States of America and the Government of the Australia for the Avoidance of Double Taxation and the Prevention of Fiscal Evasion with respect to Taxes on Income (the “Treaty”);
- Tritium is neither a PFIC (as discussed below under “-Passive Foreign Investment Company Rules”) nor treated as such with respect to the U.S. Holder for Tritium in any taxable year in which the dividend is paid or the preceding taxable year;
- the U.S. Holder satisfies certain holding period requirements; and
- and certain other requirements are met.

U.S. Holders should consult their own tax advisors regarding the availability of the lower rate for dividends paid with respect to Ordinary Shares. Subject to certain exceptions, dividends on Ordinary Shares will constitute foreign source income and generally passive income for foreign tax credit limitation purposes.

*Sale, Exchange, Redemption or Other Taxable Disposition of Ordinary Shares*

Subject to the discussion below under “-Passive Foreign Investment Company Rules,” a U.S. Holder generally will recognize gain or loss on any sale, exchange, redemption or other taxable disposition of Ordinary Shares in an amount equal to the difference between (i) the amount realized on the disposition and (ii) such U.S. Holder’s adjusted tax basis in such Ordinary Shares. Any gain or loss recognized by a U.S. Holder on a taxable disposition of Ordinary Shares generally will be capital gain or loss. A non-corporate U.S. Holder, including an individual, who has held the Ordinary Shares for more than one year generally will be eligible for reduced tax rates for such long-term capital gains. The deductibility of capital losses is subject to limitations.

Any such gain or loss recognized generally will be treated as U.S. source gain or loss. U.S. Holders are urged to consult their own tax advisor regarding the ability to claim a foreign tax credit and the application of the Treaty to such U.S. Holder’s particular circumstances.

*Passive Foreign Investment Company Rules*

The treatment of U.S. Holders of Ordinary Shares could be materially different from that described above, if Tritium is treated as a PFIC for U.S. federal income tax purposes. A non-U.S. entity treated as a corporation for U.S. federal income tax purposes generally will be a PFIC for U.S. federal income tax purposes for any taxable year if either (1) at least 75% of its gross income for such year is passive income or (2) at least 50% of the value of its assets (generally based on an average of the quarterly values of the assets) during such year is attributable to assets that produce passive income or are held for the production of passive income. For this purpose, Tritium will be treated as owning its proportionate share of the assets and earning its proportionate share of the income of any other entity treated as a corporation for U.S. federal income tax purposes in which Tritium owns, directly or indirectly, 25% or more (by value) of the stock. Based on the current and anticipated composition of the income, assets and operations of Tritium and its subsidiaries, Tritium does not believe it will be treated as a PFIC for the current taxable year.

However, whether we or any of our subsidiaries are a PFIC for any taxable year is a factual determination that depends on, among other things, the composition of our income and assets, our market value and the market value of our subsidiaries’ shares and assets. Changes in the composition of our income or asset may cause us to be or become a PFIC for the current or subsequent taxable years. In addition, whether we are treated as a PFIC for U.S. federal income tax purposes is determined annually after the close of each taxable year and, thus, is subject to significant uncertainty. Moreover, the application of the PFIC rules is subject to uncertainty in several respects, and we cannot assure you that the IRS will not take a contrary position or that a court will not sustain such a challenge by the IRS. Accordingly, there can be no assurances that we will not be treated as a PFIC for the current taxable year or in any future taxable year.

Under the PFIC rules, if Tritium were considered a PFIC at any time that a U.S. Holder owns Ordinary Shares, Tritium would continue to be treated as a PFIC with respect to such U.S. Holder’s investment unless (i) it ceased to be a PFIC and (ii) the U.S. Holder made a “deemed sale” election under the PFIC rules. If such election is made, a U.S. Holder will be deemed to have sold its Ordinary Shares at their fair market value on the last day of the last taxable year in which Tritium is classified as a PFIC, and any gain from such deemed sale would be subject to the consequences described below. After the deemed sale election, the Ordinary Shares with respect to which the deemed sale election was made will not be treated as shares in a PFIC unless Tritium subsequently becomes a PFIC.

For each taxable year that Tritium is treated as a PFIC with respect to a U.S. Holder’s Ordinary Shares, the U.S. Holder will be subject to special tax rules with respect to any “excess distribution” (as defined below) received and any gain realized from a sale or disposition (including a pledge) of its Ordinary Shares (collectively the “Excess Distribution Rules”), unless the U.S. Holder makes a valid QEF election or mark-to-market election as discussed below. Distributions received by a U.S. Holder in a taxable year that are greater than 125% of the

## [Table of Contents](#)

average annual distributions received during the shorter of the three preceding taxable years or the U.S. Holder's holding period for the Ordinary Shares will be treated as excess distributions. Under these special tax rules:

- the excess distribution or gain will be allocated ratably over the U.S. Holder's holding period for the Ordinary Shares;
- the amount allocated to the current taxable year, and any taxable years in the U.S. Holder's holding period prior to the first taxable year in which Tritium is a PFIC, will be treated as ordinary income; and
- the amount allocated to each other taxable year will be subject to the highest tax rate in effect for individuals or corporations, as applicable, for each such year and the interest charge generally applicable to underpayments of tax will be imposed on the resulting tax attributable to each such year.

Under the Excess Distribution Rules, the tax liability for amounts allocated to taxable years prior to the year of disposition or excess distribution cannot be offset by any net operating losses, and gains (but not losses) realized on the sale of the Ordinary Shares cannot be treated as capital gains, even though the U.S. Holder holds the Ordinary Shares as capital assets.

Certain of the PFIC rules may impact U.S. Holders with respect to equity interests in subsidiaries and other entities which Tritium may hold, directly or indirectly, that are PFICs (collectively, "Lower-Tier PFICs"). There can be no assurance, however, that Tritium does not own, or will not in the future acquire, an interest in a subsidiary or other entity that is or would be treated as a Lower-Tier PFIC. U.S. Holders should consult their own tax advisors regarding the application of the PFIC rules to any of Tritium's subsidiaries.

If Tritium is a PFIC, a U.S. Holder of Ordinary Shares may avoid taxation under the Excess Distribution Rules described above by making a "qualified electing fund" ("QEF") election. However, a U.S. Holder may make a QEF election with respect to its Ordinary Shares only if Tritium provides U.S. Holders on an annual basis with certain financial information specified under applicable U.S. Treasury regulations. Because Tritium does not intend to provide such information, however, the QEF Election will not be available to U.S. Holders with respect to Ordinary Shares.

Alternatively, a U.S. Holder of "marketable stock" (as defined below) may make a mark-to-market election for its Ordinary Shares to elect out of the Excess Distribution Rules discussed above if Tritium is treated as a PFIC. If a U.S. Holder makes a mark-to-market election with respect to its Ordinary Shares, such U.S. Holder will include in income for each year that Tritium is treated as a PFIC with respect to such Ordinary Shares an amount equal to the excess, if any, of the fair market value of the Ordinary Shares as of the close of the U.S. Holder's taxable year over the adjusted basis in the Ordinary Shares. A U.S. Holder will be allowed a deduction for the excess, if any, of the adjusted basis of the Ordinary Shares over their fair market value as of the close of the taxable year. However, deductions will be allowed only to the extent of any net mark-to-market gains on the Ordinary Shares included in the U.S. Holder's income for prior taxable years. Amounts included in income under a mark-to-market election, as well as gain on the actual sale or other disposition of the Ordinary Shares, will be treated as ordinary income. Ordinary loss treatment will also apply to the deductible portion of any mark-to-market loss on the Ordinary Shares, as well as to any loss realized on the actual sale or disposition of the Ordinary Shares, to the extent the amount of such loss does not exceed the net mark-to-market gains for such Ordinary Shares previously included in income. A U.S. Holder's basis in the Ordinary Shares will be adjusted to reflect any mark-to-market income or loss. If a U.S. Holder makes a mark-to-market election, any distributions Tritium makes would generally be subject to the rules discussed above under "*Distributions on Ordinary Shares*," except the lower rates applicable to qualified dividend income would not apply.

The mark-to-market election is available only for "marketable stock," which is stock that is regularly traded on a qualified exchange or other market, as defined in applicable U.S. Treasury regulations. The Ordinary Shares, which are listed on Nasdaq, are expected to qualify as marketable stock for purposes of the PFIC rules, but there can be no assurance that Ordinary Shares will be "regularly traded" for purposes of these rules. Because a

## [Table of Contents](#)

mark-to-market election cannot be made for equity interests in any Lower-Tier PFICs, a U.S. Holder will continue to be subject to the Excess Distribution Rules with respect to its indirect interest in any Lower-Tier PFICs as described above, even if a mark-to-market election is made for Tritium.

If a U.S. Holder does not make a mark-to-market election (or a QEF election) effective from the first taxable year of a U.S. Holder's holding period for the Ordinary Shares in which Tritium is a PFIC, then the U.S. Holder generally will remain subject to the Excess Distribution Rules. A U.S. Holder that first makes a mark-to-market election with respect to the Ordinary Shares in a later year will continue to be subject to the Excess Distribution Rules during the taxable year for which the mark-to-market election becomes effective, including with respect to any mark-to-market gain recognized at the end of that year. In subsequent years for which a valid mark-to-market election remains in effect, the Excess Distribution Rules generally will not apply. A U.S. Holder that is eligible to make a mark-to-market with respect to its Ordinary Shares may do so by providing the appropriate information on IRS Form 8621 and timely filing that form with the U.S. Holder's tax return for the year in which the election becomes effective. U.S. Holders should consult their own tax advisors as to the availability and desirability of a mark-to-market election, as well as the impact of such election on interests in any Lower-Tier PFICs.

A U.S. Holder of a PFIC may be required to file an IRS Form 8621 on an annual basis. U.S. Holders should consult their own tax advisors regarding any reporting requirements that may apply to them if Tritium is a PFIC.

U.S. Holders are strongly encouraged to consult their tax advisors regarding the application of the PFIC rules to their particular circumstances.

### ***Non-U.S. Holders***

The section applies to Non-U.S. Holders of Ordinary Shares. For purposes of this discussion, a Non-U.S. Holder means a beneficial owner (other than a partnership or an entity or arrangement so characterized for U.S. federal income tax purposes) of Ordinary Shares that is not a U.S. Holder, including:

- a nonresident alien individual, other than certain former citizens and residents of the United States;
- a foreign corporation; or
- a foreign estate or trust.

### ***U.S. Federal Income Tax Consequences of the Ownership and Disposition of Ordinary Shares to Non-U.S. Holders***

Any (i) distributions of cash or property paid to a Non-U.S. Holder in respect of Ordinary Shares or (ii) gain realized upon the sale or other taxable disposition of Ordinary Shares generally will not be subject to U.S. federal income taxation unless:

- the gain or distribution is effectively connected with the Non-U.S. Holder's conduct of a trade or business within the United States (and, if required by an applicable income tax treaty, the Non-U.S. Holder maintains a permanent establishment in the United States to which such gain is attributable); or
- in the case of any gain, the Non-U.S. Holder is a nonresident alien individual present in the United States for 183 days or more during the taxable year of the disposition and certain other requirements are met.

Gain or distributions described in the first bullet point above generally will be subject to U.S. federal income tax on a net income basis at the regular rates. A Non-U.S. Holder that is a corporation also may be subject to a branch profits tax at a rate of 30% (or such lower rate specified by an applicable income tax treaty) on such effectively connected gain, as adjusted for certain items.

## [Table of Contents](#)

Gain described in the second bullet point above will be subject to U.S. federal income tax at a rate of 30% (or such lower rate specified by an applicable income tax treaty), which may be offset by U.S. source capital losses of the Non-U.S. Holder (even though the individual is not considered a resident of the United States), provided the Non-U.S. Holder has timely filed U.S. federal income tax returns with respect to such losses.

Non-U.S. Holders should consult their own tax advisors regarding potentially applicable income tax treaties that may provide for different rules.

### ***Information Reporting and Backup Withholding***

Information reporting requirements may apply to distributions received by U.S. Holders of Ordinary Shares, and the proceeds received on the sale or other taxable disposition of Ordinary Shares effected within the United States (and, in certain cases, outside the United States), in each case other than U.S. Holders that are exempt recipients (such as corporations). Backup withholding may apply to such amounts if the U.S. Holder fails to provide an accurate taxpayer identification number (generally on an IRS Form W-9 provided to the paying agent of the U.S. Holder's broker) or is otherwise subject to backup withholding. Any distributions with respect to Ordinary Shares and proceeds from the sale, exchange, redemption or other disposition of Ordinary Shares may be subject to information reporting to the IRS and possible U.S. backup withholding. U.S. Holders should consult their own tax advisors regarding the application of the U.S. information reporting and backup withholding rules.

Information returns may be filed with the IRS in connection with, and Non-U.S. Holders may be subject to backup withholding on amounts received in respect of, a Non-U.S. Holder's Ordinary Shares, unless the Non-U.S. Holder furnishes to the applicable withholding agent the required certification as to its non-U.S. status, such as by providing a valid IRS Form W-8BEN, IRS Form W-8BEN-E or IRS Form W-8ECI, as applicable, or the Non-U.S. Holder otherwise establishes an exemption. Distributions paid with respect to Ordinary Shares and proceeds from the sale of other disposition of Ordinary Shares received in the United States by a Non-U.S. Holder through certain U.S.-related financial intermediaries may be subject to information reporting and backup withholding unless such Non-U.S. Holder provides proof of an applicable exemption or complies with certain certification procedures described above, and otherwise complies with the applicable requirements of the backup withholding rules.

Backup withholding is not an additional tax. Amounts withheld as backup withholding generally may be credited against the taxpayer's U.S. federal income tax liability, and a taxpayer may obtain a refund of any excess amounts withheld under the backup withholding rules by timely filing the appropriate claim for a refund with the IRS and furnishing any required information.

## MATERIAL AUSTRALIAN TAX CONSIDERATIONS

This section below provides a general summary of the Australian tax considerations generally applicable to Australian resident and non-Australian resident shareholders of Tritium with respect to the ownership and disposition of Tritium Ordinary Shares.

The comments in this section deal only with the Australian taxation implications of the ownership and disposition of Tritium Ordinary Shares if you hold your Tritium Ordinary Shares as investments on capital account.

These comments do not apply to you if you:

- hold your securities as revenue assets or trading stock (which will generally be the case if you are a bank, insurance company or carry on a business of share trading); or
- are assessed on gains and losses on the securities under the taxation of financial arrangements “TOFA” provisions in Division 230 of the Income Tax Assessment Act 1997.

The Australian taxation implications of holding and disposing of shares in Tritium will vary depending upon your particular circumstances. Accordingly, it should not be relied upon as taxation advice and you should seek and rely upon your own professional advice before concluding on the particular taxation treatment that will apply to you. Furthermore, the discussion below is based upon the Australian income tax laws, applicable case law, regulations and published rulings, determinations and statement of administrative practice of the Australian Taxation Office as at the date of this filing. During the period of ownership of the Tritium Ordinary Shares by Tritium Shareholders, the taxation laws of Australia, or their interpretation, may change (possibly with retroactive effect).

Tritium, Tritium Australia and Tritium Holdings and their officers, employees, taxation or other advisers do not accept any liability or responsibility in respect of any statement concerning taxation consequences, or in respect of the taxation consequences.

This taxation summary is necessarily general in nature and is not exhaustive of all Australian tax consequences that could apply in all circumstances for Tritium shareholders. It is strongly recommended that each Tritium shareholder seek their own independent professional tax advice applicable to their particular circumstances.

This summary does not constitute financial product advice as defined in the Corporations Act. This summary is confined to certain taxation matters, based on the relevant Australian tax laws in force, established interpretations of that law and understanding of the practice of the relevant tax authority at the date of this summary. This summary does not take into account the tax laws of countries other than Australia.

### Australian Resident Shareholders

This section applies to Tritium shareholders who are residents of Australia for income tax purposes and hold their shares as investments on capital account.

### Taxation in respect of dividends on Tritium Ordinary Shares

Dividends paid by Tritium on a share should constitute assessable income of an Australian tax resident shareholder. Australia has a franking system wherein dividends can be franked and the shareholder receives a franking credit which effectively represents the corporate tax paid by the company. Dividends can be “fully franked”, “partially franked” or “unfranked” and the maximum franking credit is calculated at the corporate tax rate (currently 30%).

### ***Australian Resident Individuals and Complying Superannuation Entities***

Australian tax resident shareholders who are individuals or complying superannuation entities should include the dividend in their assessable income in the year the dividend is paid, together with any franking credit attached to that dividend.

Subject to the comments in relation to “Qualified Persons” below, such shareholders should be entitled to a tax offset equal to the franking credit attached to the dividend. The tax offset can be applied to reduce the tax payable on the investor’s taxable income. Where the tax offset exceeds the tax payable on the investor’s taxable income, the investor should be entitled to a tax refund equal to the excess.

To the extent that the dividend is unfranked, an Australian individual shareholder will generally be taxed at their prevailing marginal rate on the dividend received (with no tax offset). Complying Australian superannuation entities will generally be taxed at the prevailing rate for complying superannuation entities on the dividend received (with no tax offset).

### ***Corporate Shareholders***

Corporate Tritium shareholders are also required to include both the dividend and the associated franking credits (if any) in their assessable income.

Subject to the comments in relation to “Qualified Persons” below, corporate Tritium shareholders should be entitled to a tax offset up to the amount of the franking credit attached to the dividend.

An Australian resident corporate Tritium shareholder should be entitled to a credit in its own franking account to the extent of the franking credits attached to the dividend received. This will allow the corporate Tritium shareholder to pass on the franking credits to its investor(s) on the subsequent payment of franked dividends.

Excess franking credits received by corporate Tritium shareholders will not give rise to a refund entitlement for a company but can be converted into carry forward tax losses instead. This is subject to specific rules on how the carry forward tax loss is calculated and utilized in future years. For completeness, this tax loss cannot be carried back under the loss carry back tax offset rules introduced in the 2020-21 Federal Budget.

### ***Trusts and Partnerships***

Australian tax resident Tritium shareholders who are trustees (other than trustees of complying superannuation entities, which are dealt with above) or partnerships are also required to include any dividends and any franking credits in calculating the net income of the trust or partnership. Where a fully franked or partially franked dividend is received, an Australian resident trust beneficiary that is not under a legal disability and that is presently entitled to a share of the income of the trust estate in the relevant year of income, or the relevant partner in the partnership (as the case may be), may be entitled to a tax offset by reference to the beneficiary’s or partner’s share of the net income of the trust or partnership.

To the extent that the dividend is unfranked, an Australian trustee (other than trustees of complying superannuation entities) or partnerships, will be required to include the unfranked dividend in the net income of the trust or partnership. An Australian resident trust beneficiary that is not under a legal disability and that is presently entitled to a share of the income of the trust estate (and not acting in a capacity as trustee) in the relevant year of income, or the relevant partner in the partnership, will generally be taxed at the relevant prevailing tax rate on their share of the net income of the trust or partnership (with no tax offset).

Additional or alternative considerations may be relevant in relation to shareholders that are trustees of specific categories of trusts under Australian tax law (such as managed investment trusts, AMITs, or public

## [Table of Contents](#)

trading trusts). The precise tax consequences for a trustee shareholder are a complex tax issue which requires analysis based on each shareholder's individual circumstances and the terms of the relevant trust deed. Tritium shareholders should obtain their own tax advice to determine these matters.

### ***Qualified Persons***

The benefit of franking credits can be denied where a Tritium shareholder is not a "qualified person" in which case the Tritium Shareholder will not be able to include an amount for the franking credits in their assessable income and will not be entitled to a tax offset.

Broadly, to be a qualified person, a Tritium shareholder must satisfy the holding period rule and, if necessary, the related payment rule. The holding period rule requires a Tritium shareholder to hold the shares "at risk" for at least 45 days continuously during the qualification period-starting from the day after acquisition of the shares and ending 45 days after the shares become ex-dividend where there is no relevant "related payment"-in order to qualify for franking benefits.

This holding period rule is subject to certain exceptions, including where the total franking offsets of an individual in a year of income do not exceed A\$5,000.

Whether you are qualified person is a complex tax issue which requires analysis based on each shareholder's individual circumstances. Tritium shareholders should obtain their own tax advice to determine if these requirements have been satisfied.

### **Capital Gains Tax ("CGT") Implications**

#### ***Disposal of Shares***

For Australian tax resident Tritium shareholders, who hold their Tritium Ordinary Shares on capital account, the future disposal of Tritium Ordinary Shares will give rise to a CGT event at the time which the legal and beneficial ownership of the Tritium Ordinary Shares are disposed of. Tritium shareholders will derive a capital gain on the disposal of their shares in Tritium to the extent that the capital proceeds exceed the cost base of their Tritium Ordinary Shares.

A capital loss will be made where the capital proceeds are less than the reduced cost base of their Tritium Ordinary Shares. Where a capital loss is made, capital losses can only be offset against capital gains derived in the same or later incomes years. They cannot be offset against ordinary income nor carried back to offset net capital gains arising in earlier income years. Capital losses may be carried forward to future income years subject to the satisfaction of the Australian loss testing provisions.

#### ***Capital Proceeds***

The capital proceeds should be equal to any consideration received by the Tritium shareholder in respect to the disposal of their Tritium Ordinary Shares.

#### ***Cost base of Tritium Ordinary Shares***

The cost base of a Tritium ordinary share will generally be equal to the cost of acquiring the Tritium ordinary share, plus any incidental costs of acquisition and disposal (i.e. brokerage costs and legal fees). However, to the extent that a roll-over was obtained in relation to the acquisition of the Tritium Ordinary Shares under the Australian scrip for scrip rules, the cost base should be equal to the inherited cost base of the pre-existing shares (i.e. the original interests).

### ***CGT Discount***

The CGT discount may apply to Tritium shareholders that are Australian tax resident individuals, complying Australian superannuation funds or trusts, who have held, or are taken to have held, their Tritium Ordinary Shares for at least 12 months (not including the date of acquisition or date of disposal) at the time of the disposal of their Tritium Ordinary Shares.

The impact of the scrip for scrip rollover provisions on the holding period should be considered at an individual shareholder level. However, it is expected that the acquisition date of the Tritium Ordinary Shares for the purposes of the CGT discount should be the acquisition date of the Tritium shareholder's pre-existing shares.

The CGT discount is:

- one-half if the Tritium shareholder is an individual or trustee: meaning only 50% of the capital gain will be included in the shareholder's assessable income; and
- one-third if the Tritium shareholder is a trustee of a complying superannuation entity: meaning only two-thirds of the capital gain will be included in the shareholder's assessable income.

The CGT discount is not available to Tritium shareholders that are companies.

If a Tritium shareholder makes a discounted capital gain, any current year and/or carried forward capital losses will be applied to reduce the undiscounted capital gain before the relevant CGT discount is applied. The resulting amount is then included in the Tritium shareholder's net capital gain for the income year and included in its assessable income.

The CGT discount rules relating to trusts are complex. Subject to certain requirements being satisfied, the capital gain may flow through to the beneficiaries in that trust, who will assess the eligibility for the CGT discount in their own right. Accordingly, we recommend trustees seek their own independent advice on how the CGT discount applies to the trust and its beneficiaries.

### **Non-Australian Resident Shareholders**

This section applies to Tritium shareholders who are not residents of Australia for income tax purposes and hold their shares as investments on capital account.

#### ***Taxation in Respect of Dividends on Tritium Ordinary Shares***

Non-Australian resident Tritium shareholders who do not have a permanent establishment in Australia should not be subject to Australian income tax but may be subject to Australian dividend withholding tax on their Tritium dividends.

#### ***Franked Dividends***

As outlined above, Australia has a franking system wherein dividends can be franked and Australian resident shareholders receive a franking credit which effectively represents the corporate tax paid by the underlying company (i.e. Tritium). Dividends can be "fully franked", "partially franked" or "unfranked".

Dividends received by non-Australian resident Tritium shareholders which are franked should not be subject to Australian dividend withholding tax to the extent of the franking (i.e. if the dividend is fully franked, it should not be subject to Australian dividend withholding tax at all). However, refunds of franking credits are not available to non-Australian resident shareholders.

### ***Dividends Attributable to Conduit Foreign Income***

Non-Australian resident Tritium shareholders should not be subject to Australian dividend withholding tax where Tritium pays an unfranked dividend out of income which Tritium has declared to be conduit foreign income (“CFI”). Generally, CFI would include amounts received by Tritium that are attributable to dividends received from foreign subsidiaries which are treated as non-assessable non-exempt income for Australian tax purposes.

### ***Unfranked Dividends***

Non-Australian resident Tritium shareholders should generally be subject to Australian dividend withholding tax to the extent of the unfranked component of any dividends received that are not declared to be CFI. Australian dividend withholding tax is imposed at a flat rate of 30% on the amount of the dividend that is unfranked unless the Tritium shareholder is a tax resident of a country that has a double tax treaty (“DTT”) with Australia. In the event the Tritium shareholder is otherwise able to rely on the DTT, the rate of Australian dividend withholding tax may be reduced (typically to 15%), depending on the terms of the DTT.

### **CGT Implications**

Non-Australian resident Tritium shareholders who do not have a permanent establishment in Australia should not be subject to Australian CGT.

### **General Australian Tax Matters**

This section applies to both Australian resident and non-Australian resident Tritium shareholders.

### ***GST***

The acquisition or disposal of Tritium Ordinary Shares by a shareholder (who is registered or required to be registered for GST) will be classified as a “financial supply” for Australian GST purposes. Accordingly, Australian GST will not be payable in respect of amounts paid for the acquisition or disposal of Tritium Ordinary Shares.

No GST should be payable in respect of dividends paid to Tritium shareholders.

Subject to certain requirements, there may be a restriction on the entitlement of Tritium shareholders registered for GST to claim an input tax credit for any GST incurred on costs associated with the acquisition or disposal of Tritium Ordinary Shares (e.g. lawyer’s and accountants’ fees).

### ***Stamp Duty***

No stamp duty should be payable on the acquisition of Tritium Ordinary Shares.

In order to comply with the securities laws of certain states, if applicable, the shares may be sold only through registered or licensed brokers or dealers. In addition, in certain states, the shares may not be sold unless they have been registered or qualified for sale in the state or an exemption from the state's registration or qualification requirement is available and complied with.

B. Riley Principal Capital II is an "underwriter" within the meaning of Section 2(a)(11) of the Securities Act with respect to the offer and resale by B. Riley Principal Capital II of up to 11,335,883 Ordinary Shares that have been or may be issued by us to B. Riley Principal Capital II pursuant to the Purchase Agreement.

B. Riley Principal Capital II has informed us that it presently anticipates using, but is not required to use, B. Riley Securities, Inc. ("BRS"), a registered broker-dealer and FINRA member and an affiliate of B. Riley Principal Capital II, as a broker to effectuate resales, if any, of our Ordinary Shares that it may acquire from us pursuant to the Purchase Agreement, and that it may also engage one or more other registered broker-dealers to effectuate resales, if any, of such Ordinary Shares that it may acquire from us. Such resales will be made at prices and at terms then prevailing or at prices related to the then current market price. Each such registered broker-dealer will be an underwriter within the meaning of Section 2(a)(11) of the Securities Act. B. Riley Principal Capital II has informed us that each such broker-dealer it engages to effectuate resales of our Ordinary Shares on its behalf, excluding BRS, may receive commissions from B. Riley Principal Capital II for executing such resales for B. Riley Principal Capital II and, if so, such commissions will not exceed customary brokerage commissions.

Because B. Riley Principal Capital II is an affiliate of BRS and will receive all the net proceeds from such resales of our Ordinary Shares made to the public through BRS, BRS is deemed to have a "conflict of interest" within the meaning of FINRA Rule 5121. Consequently, this offering will be conducted in compliance with the provisions of FINRA Rule 5121, which requires that a "qualified independent underwriter," as defined in FINRA Rule 5121, participate in the preparation of the registration statement that includes this prospectus and exercise the usual standards of "due diligence" with respect thereto. Accordingly, we have engaged Northland, a registered broker-dealer and FINRA member, to be the qualified independent underwriter in this offering and, in such capacity, participate in the preparation of the registration statement that includes this prospectus and exercise the usual standards of "due diligence" with respect thereto. B. Riley Principal Capital II has agreed to pay Northland a cash fee of \$50,000 upon the completion of this offering as consideration for its services and to reimburse Northland up to \$5,000 for expenses incurred in connection with acting as the qualified independent

underwriter in this offering. In accordance with FINRA Rule 5110, such cash fee and expense reimbursement to be paid to Northland for acting as the qualified independent underwriter in this offering are deemed to be underwriting compensation in connection with sales of our Common Stock by B. Riley Principal Capital II to the public. Northland will receive no other compensation for acting as the qualified independent underwriter in this offering. In accordance with FINRA Rule 5121, BRS is not permitted to sell Ordinary Shares in this offering to an account over which it exercises discretionary authority without the prior specific written approval of the account holder.

Except as set forth above, we know of no existing arrangements between the Selling Securityholder and any other shareholder, broker, dealer, underwriter or agent relating to the sale or distribution of the Ordinary Shares offered by this prospectus.

Brokers, dealers, underwriters or agents participating in the distribution of the Ordinary Shares offered by this prospectus may receive compensation in the form of commissions, discounts, or concessions from the purchasers, for whom the broker-dealers may act as agent, of the shares resold by the Selling Securityholder through this prospectus. The compensation paid to any such particular broker-dealer by any such purchasers of Ordinary Shares resold by the Selling Securityholder may be less than or in excess of customary commissions. Neither we nor the Selling Securityholder can presently estimate the amount of compensation that any agent will receive from any purchasers of Ordinary Shares resold by the Selling Securityholder.

We may from time to time file with the SEC one or more supplements to this prospectus or amendments to the registration statement of which this prospectus forms a part to amend, supplement or update information contained in this prospectus, including, if and when required under the Securities Act, to disclose certain information relating to a particular sale of shares offered by this prospectus by the Selling Securityholder, including with respect to any compensation paid or payable by the Selling Securityholder to any brokers, dealers, underwriters or agents that participate in the distribution of such shares by the Selling Securityholder, and any other related information required to be disclosed under the Securities Act.

We will pay the expenses incident to the registration under the Securities Act of the offer and resale of the Ordinary Shares covered by this prospectus by the Selling Securityholder.

As consideration for its irrevocable commitment to purchase our Ordinary Shares under the Purchase Agreement, we have agreed to issue to B. Riley Principal Capital II 112,236 Ordinary Shares as Commitment Shares, which Commitment Shares have a total aggregate value equal to 1.0% of B. Riley Principal Capital's \$75,000,000 total dollar amount purchase commitment under the Purchase Agreement (assuming a purchase price of \$6.6823 per Commitment Share, representing the average of the volume weighted average prices per share of our Ordinary Shares for the five-consecutive trading day period ending on the date of the Purchase Agreement), upon execution of the Purchase Agreement and the Registration Rights Agreement. In accordance with FINRA Rule 5110, the 112,236 Commitment Shares are deemed to be underwriting compensation in connection with sales of our Ordinary Shares by B. Riley Principal Capital II to the public. In addition, we reimbursed B. Riley Principal Capital II for the reasonable legal fees and disbursements of B. Riley Principal Capital II's legal counsel, in an amount of \$100,000, in connection with the transactions contemplated by the Purchase Agreement and the Registration Rights Agreement. In accordance with FINRA Rule 5110 these reimbursed fees and expenses are deemed to be underwriting compensation in connection with sales of our Ordinary Shares by B. Riley Principal Capital II to the public. Moreover, in accordance with FINRA Rule 5110, the 3.0% fixed discount to current market prices of our Ordinary Shares reflected in the purchase prices payable by B. Riley Principal Capital II for our Ordinary Shares that we may require it to purchase from us from time to time under the Purchase Agreement is deemed to be underwriting compensation in connection with sales of our Ordinary Shares by B. Riley Principal Capital II to the public.

We also have agreed to indemnify B. Riley Principal Capital II and certain other persons against certain liabilities in connection with the offering of Ordinary Shares offered hereby, including liabilities arising under

the Securities Act or, if such indemnity is unavailable, to contribute amounts required to be paid in respect of such liabilities. B. Riley Principal Capital II has agreed to indemnify us against liabilities under the Securities Act that may arise from certain written information furnished to us by B. Riley Principal Capital II specifically for use in this prospectus or, if such indemnity is unavailable, to contribute amounts required to be paid in respect of such liabilities. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers, and controlling persons, we have been advised that in the opinion of the SEC this indemnification is against public policy as expressed in the Securities Act and is therefore, unenforceable.

We estimate that the total expenses for the establishment and commencement of the offering will be approximately \$700,000. Ongoing expenses related to the offering cannot be estimated at this time as they depend on the timing and frequency of the issuance and resale of ordinary shares in connection with the offering.

B. Riley Principal Capital II has represented to us that at no time prior to the date of the Purchase Agreement has B. Riley Principal Capital II, its sole member, any of their respective officers, or any entity managed or controlled by B. Riley Principal Capital II or its sole member, engaged in or effected, in any manner whatsoever, directly or indirectly, for its own account or for the account of any of its affiliates, any short sale (as such term is defined in Rule 200 of Regulation SHO of the Exchange Act) of our Ordinary Shares or any hedging transaction, which establishes a net short position with respect to our Ordinary Shares. B. Riley Principal Capital II has agreed that during the term of the Purchase Agreement, none of B. Riley Principal Capital II, its sole member, any of their respective officers, or any entity managed or controlled by B. Riley Principal Capital II or its sole member, will enter into or effect, directly or indirectly, any of the foregoing transactions for its own account or for the account of any other such person or entity.

We have advised the Selling Securityholder that it is required to comply with Regulation M promulgated under the Exchange Act. With certain exceptions, Regulation M precludes the Selling Securityholder, any affiliated purchasers, and any broker-dealer or other person who participates in the distribution from bidding for or purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of the distribution until the entire distribution is complete. Regulation M also prohibits any bids or purchases made in order to stabilize the price of a security in connection with the distribution of that security. All of the foregoing may affect the marketability of the securities offered by this prospectus.

This offering of up to 11,335,883 of our Ordinary Shares for resale by B. Riley Principal Capital II to which this prospectus relates will terminate on the date that all of such Ordinary Shares offered by this prospectus have been resold by the Selling Securityholder.

Our Ordinary Shares are currently listed on Nasdaq under the symbol "DCFC".

B. Riley Principal Capital II and/or one or more of its affiliates has provided, currently provides and/or from time to time in the future may provide various investment banking and other financial services for us and/or one or more of our affiliates that are unrelated to the transactions contemplated by the Purchase Agreement and the offering of Ordinary Shares for resale by B. Riley Principal Capital II to which this prospectus relates, for which investment banking and other financial services they have received and may continue to receive customary fees, commissions and other compensation from us, aside from any discounts, fees and other compensation that B. Riley Principal Capital II has received and may receive in connection with the transactions contemplated by the Purchase Agreement, including the 112,236 Commitment Shares we have agreed to issue to B. Riley Principal Capital II as consideration for its irrevocable commitment to purchase Ordinary Shares from us under the Purchase Agreement, the 3.0% fixed discount to current market prices of our Ordinary Shares reflected in the purchase prices payable by B. Riley Principal Capital II for our Ordinary Shares that we may require it to purchase from us from time to time under the Purchase Agreement, and our reimbursement of up to \$100,000 of B. As a result, it may be difficult for investors to enforce in the United States judgments obtained in U.S. courts against us based on the civil liability provisions of the U.S. securities laws. It is doubtful whether courts in Australia will enforce judgments obtained in other jurisdictions, including the United States, against us or our directors or officers under the securities laws of those jurisdictions or entertain actions in Australia against us or our directors or officers under the securities laws of other jurisdictions.
